**Security Certificate Updates**

United Heritage Credit Union occasionally renews the Security Certificate for **uhcu.org** to ensure the latest security measures are up-to-date. United Heritage highly recommends users are vigilant with their computer's security settings and continually implement updates as they become available.

If your system is receiving an error message as a result of the latest security certificate update please make the necessary updates noted below. In order to avoid receiving an error message about a possible problem with the website's security program, please follow the steps below in order to update your system.

1. Ensure you have current browsers:
  - These links can also be found on our website under [Online Help](#) (located at the top of the page under *Resources*)
