**United Heritage CU Opens Tenth Location**

AUSTIN, Texas (June 6, 2008)—United Heritage Credit Union opened their new Westlake location in Austin, Texas. The ribbon cutting was held on Thursday, June 5, 2008. This marks the tenth location for the Credit Union with one more scheduled to open later this year.

The new 3900 square foot location is a full service facility including state-of-the-art remote teller technology, three drive-thru lanes including one for commercial use, drive-up ATM, safety deposit boxes and a plasma lobby display. The design is traditional Texas hill country with extensive use of stone throughout. “Members have been asking for a location in this area for a while so we are happy that we can finally welcome them to our new facility,” said Sebrina Verburgt, Senior Vice President Operations. “We are certain the response to this new location will be positive and we are looking forward to serving the Westlake and surrounding communities.

###

The Credit Union began in 1957 as Military Federal Credit Union with only eight members and \$40 in deposits. Today, United Heritage has grown to over 62,000 members and over \$450 million in assets with ten locations and one more in the works.
